PRIME
HARDCORE SPORTS NUTRITION

INTERNATIONAL DISTRIBUTION PORTFOLIO

HARDCORE SPORTS NUTRITION

Prime Supplements is a Romanian sports nutrition brand: protein, creatine, cream of rice and a complete range made in the European Union.

ABOUT THE BRAND

Built in competitive bodybuilding, made for every athlete.

Prime Supplements was founded in 2022 in Sibiu County, Romania. Our mission is to educate and inspire athletes and to improve their performance.

The supplements are designed to support athletes up to the highest level of performance. The ranges serve both competitive athletes and people who train and want healthy, tailored nutrition.

We analyse demand, athletes' needs and raw materials, and we keep raising quality. That is how we work towards our mission: to set a new standard in the supplement market, to support athletes on their way to peak performance and to offer products tailored to their nutritional needs.

HARDCORE SPORTS NUTRITION

Hardcore Sports Nutrition is our motto and the mindset behind the company. The formulas, with their micro- and macronutrients, were designed after many years of study and experience in competitive bodybuilding. For us it is more than a motto that pushed us to look for the right balance in our products: it is a mindset that drives anyone to go beyond their own limits through dedication to their goal, supported by the balance between nutrition and training.

EDUCATE
Clear labels and a product blog that explains what each product contains, how much to take and when.

INSPIRE
A brand that comes from the gym floor and speaks the language of people who train.

PERFORM
Formulas adapted to what athletes need before, during and after training.

THE FOUNDER

MARIUS CHERA

Marius Chera founded Prime Supplements in 2022. He is one of the best-known bodybuilding coaches in Romania and the first Romanian coach to have prepared athletes who earned the PRO card within the NPC organisation. His experience in bodybuilding is the basis on which the products were optimised: the range he recommends to bodybuilders throughout their preparation is the Prime Supplements range.

WHY PRIME SUPPLEMENTS

Quality you can read on the label.

We work with leading suppliers in the supplement industry. Beyond processing technology and raw materials, we take pride in the recipes themselves.

01 Formulas shaped by bodybuilding

Developed together with our founder and adapted to what bodybuilders need before, during and after training and throughout the day, with a reduced excipient content.

02 Named, branded ingredients

Creapure® creatine, Kyowa® L-glutamine, KSM-66® ashwagandha, Cluster Dextrin®, Bergamonte®, Peptan® collagen, DigeZyme® and EnXtra® are declared by name on our labels. Prime Supplements is listed on creapure.com as a Creapure® partner brand for Romania.

03 Documented quality

Products are made in the European Union; Prime Whey is produced in an ISO and HACCP certified facility. The raw materials come from leading suppliers, and their quality is backed by national and international certifications such as TÜV, IFS, HALAL and Cologne List for Athletes.

04 Transparent labels

Active ingredients are declared by name and quantity on the label. Our product pages use only health claims authorised in the EU.

05 One brand, a complete range

61 supplements and functional foods plus accessories and gym wear: from 10 g sachets and 25 ml shots to 3 kg tubs. A distributor can build a full sports nutrition shelf from a single partner.

06 Proven on the home market

The best sellers in this portfolio are ranked by sales in our own online store. The brand is supported by professional photo shoots, detailed product pages and an educational blog.

WHAT THE END CUSTOMER GETS

TASTE AND CHOICE

Seven flavours of Prime Whey, seven of Creamy Rice, seven of Pure Isolate.

A FORMAT FOR EVERY NEED

Single-serve sachets and shots for the gym bag, 1 kg tubs to start, 2–3 kg tubs for daily users.

CLEAR DIRECTIONS

Serving size, number of servings and directions for use on every product.

BEST SELLERS

Three product lines lead our sales.

Protein, cream of rice and creatine are the core of the brand. The next pages present each line in detail; the rest of the range follows as a compact catalogue.

PROTEIN

Prime Whey 1 kg and 2 kg, Prime Whey Go sachets, Pure Isolate 2 kg

CREAM OF RICE

Prime Creamy Rice 1 kg in seven flavours

CREATINE

Creapure® 300 g and 500 g, micronised 300 g, Ready To Go sachets

TOP SELLERS IN OUR ONLINE STORE

1	**Prime Whey 2 kg**	whey protein concentrate	2	**Prime Whey 1 kg**	whey protein concentrate
3	**Prime Delicious Bar, Strawberry**	protein bar 55 g	4	**Creatine Creapure®**	creatine monohydrate
5	**Creamy Rice, Chocolate Cake**	cream of rice 1 kg	6	**Creamy Rice, Coconut Cream Pie**	cream of rice 1 kg

Ranking by units sold on primesupplements.ro in the 12 months to 10 November 2026 (Shopify Analytics). Six of the seven Creamy Rice flavours are in the top 20.

BEST SELLER · PROTEIN

PRIME WHEY

Whey protein concentrate · our best-selling product

Prime Whey is a whey protein concentrate powder with added glycine and L-lysine, with flavours and sweeteners. One 30 g scoop provides around 24 g of protein.

KEY BENEFITS

- Protein contributes to a growth in muscle mass.
- Protein contributes to the maintenance of muscle mass.
- Protein contributes to the maintenance of normal bones.
- Around 24 g of protein and about 120 kcal per 30 g serving; each flavour has its own nutrition table and amino acid profile printed on the tub.
- Seven flavours, the same across the 1 kg tub, the 2 kg tub and the single-serve sachet.

DIRECTIONS FOR USE

Mix one scoop (30 g) with 150–200 ml of water or milk in a shaker. The label recommends 1–4 servings a day, depending on protein needs.

NUTRITION DECLARATION

	PER 30 G SERVING	PER 100 G
Energy	504.0 kJ / 120.6 kcal	1680.0 kJ / 401.9 kcal
Fat	2.0 g	6.6 g
of which saturates	1.1 g	3.5 g
Carbohydrate	1.3 g	4.4 g
of which sugars	1.3 g	4.4 g
Fibre	0 g	0 g
Protein	**24.4 g**	**81.3 g**
Salt	0.12 g	0.39 g

Blueberry Vanilla, 1 kg tub. Other flavours have their own table, with similar values (around 23–24 g of protein per serving).

INGREDIENTS	Whey protein concentrate, glycine, L-lysine, flavours, sweeteners (sucralose, acesulfame-K). The list varies slightly by flavour.
ALLERGENS	Milk (whey). Made in a facility that also processes egg, soy and wheat.
ORIGIN	Made in the EU, in an ISO and HACCP certified facility.

BEST SELLER · PROTEIN

PRIME WHEY: THREE FORMATS, SEVEN FLAVOURS

Prime Whey 2 kg

2000 g · 66 servings of 30 g

The large tub for people who take protein almost daily and have found their flavour. Our number one product by units sold.

Prime Whey 1 kg

1000 g · 33 servings of 30 g

Suited to a first order, to trying a new flavour, or to people who take protein only on training days. About one month at one serving a day.

Prime Whey Go

30 g sachet · single or box of 15

Prime Whey in a single-serve sachet for the gym, the office or travel: no tub and no scoop to carry.

FLAVOURS

Blueberry Vanilla · Bourbon Vanilla · Chocolate Coconut · Salted Caramel · Strawberry Cheesecake · Toffee Chocolate · White Chocolate Raspberry

WHO IT IS FOR

- Adults who train regularly and do not meet their protein needs from food alone.
- New customers: the 1 kg tub and the sachet are the entry point to the brand.
- Daily users: the 2 kg tub gives 66 servings.
- Retail and gym counters: the sachet is sold individually and doubles as a sample for the tubs.

Food supplement. Not recommended for children or for women during pregnancy or breastfeeding. Do not exceed the recommended daily dose.

BEST SELLER · PROTEIN

PURE ISOLATE

Microfiltered whey protein isolate · 2 kg · 74 servings

Pure Isolate is the only isolate in the Prime range: microfiltered whey protein isolate with the DigeZyme® enzyme complex. A 27 g serving provides 23.5 g of protein and 97.3 kcal.

KEY BENEFITS

- 87.0 g of protein per 100 g; 23.5 g per 27 g serving.
- Per 100 g: 0.96 g carbohydrates and 0.96 g fat.
- Protein contributes to a growth in muscle mass and to the maintenance of muscle mass and of normal bones.
- Contains DigeZyme® enzyme complex: 40.5 mg per serving.
- Seven flavours; Caffè Latte, Chocolate and Strawberry are not available in Prime Whey.

DIRECTIONS FOR USE

Mix one 27 g serving with water or milk, after training or during the day.

NUTRITION DECLARATION

	PER 27 G SERVING	PER 100 G
Energy	406.8 kJ / 97.3 kcal	1506.5 kJ / 360.4 kcal
Protein	**23.5 g**	**87.0 g**
Carbohydrate	0.26 g	0.96 g
of which sugars	0.26 g	0.96 g
Fat	0.26 g	0.96 g
Fibre	0 g	0 g
Sodium	0.04 g	0.14 g
DigeZyme®	40.5 mg	150 mg

FLAVOURS

Bourbon Vanilla · Caffè Latte · Chocolate · Salted Caramel · Strawberry · Strawberry Cheesecake · White Chocolate Raspberry

INGREDIENTS	Microfiltered whey protein isolate, cocoa (in the Chocolate flavour), flavours, enzyme complex (DigeZyme®), sweeteners (sucralose, acesulfame-K), colour (carmine, in the Strawberry flavour).
ALLERGENS	Milk (whey).
WHO IT IS FOR	Customers who want an isolate rather than a concentrate, with more protein and less carbohydrate and fat per 100 g.

BEST SELLER · CREAM OF RICE

PRIME CREAMY RICE

Instant cream of rice · 1 kg · 22 servings · seven flavours

Creamy Rice is an instant cream of rice: a powder based on pregelatinised rice flour. Because the starch is pregelatinised, it binds directly with cold liquid, with no cooking.

KEY BENEFITS

- Ready without cooking: powder, cold water or milk, stir.
- A food, not a food supplement: high in carbohydrates, with 32.6–35.1 g of carbohydrates and 155–166 kcal per 45 g serving.
- No added sugars (contains naturally occurring sugars), except Coconut Cream Pie, whose chocolate pieces (3%) contain sugar. Sweeteners in the flavoured versions: sucralose and acesulfame-K.
- The unflavoured version has a single ingredient: 100% pregelatinised rice flour.
- Can be eaten as it is or added to smoothies and protein shakes, as stated on the label.

DIRECTIONS FOR USE

Put one 45 g serving (1 scoop) in a bowl or shaker, add 150–200 ml of cold water or milk and stir until creamy. With 150 ml it is thicker, like a pudding; with 200 ml it is more fluid.

WHO IT IS FOR

People who want a fast carbohydrate meal: breakfast, a snack or a dessert without cooking. Athletes who mix it with their protein shake. The unflavoured version is a neutral base for sweet or savoury recipes.

FORMAT	1 kg tub · 22 servings of 45 g · measuring scoop
ALLERGENS	May contain traces of milk, egg, soy, wheat and fish. Coconut Cream Pie contains soy (lecithin) and may also contain traces of tree nuts.

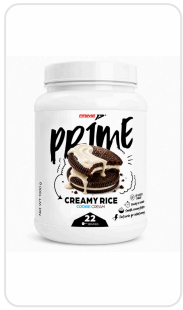

BEST SELLER · CREAM OF RICE

SEVEN FLAVOURS, ONE BASE

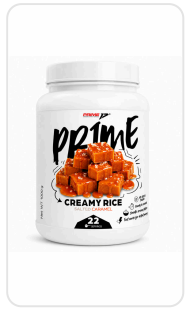

Six of the seven flavours are among our 20 best-selling products.

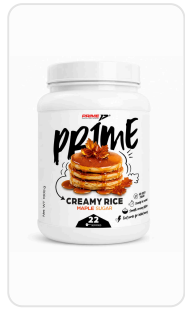

Chocolate Cake

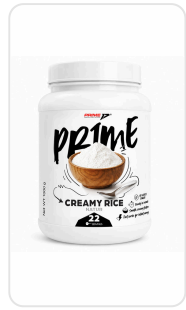

Coconut Cream Pie

Cookie Cream

Blueberry Muffin

Salted Caramel

Maple Sugar

Natur (unflavoured)

NUTRITION DECLARATION PER 45 G SERVING (1 SCOOP)

FLAVOUR	ENERGY	FAT	OF WHICH SATURATES	CARBOHYDRATE	OF WHICH SUGARS	FIBRE	PROTEIN	SALT
Chocolate Cake	155.8 kcal	0.65 g	0.25 g	**32.6 g**	0.3 g	1.4 g	4.2 g	0.15 g
Coconut Cream Pie	166.2 kcal	1.8 g	1.4 g	**33.3 g**	0.3 g	0.7 g	3.7 g	0.15 g
Cookie Cream	155.7 kcal	0.4 g	0.13 g	**33.8 g**	0.3 g	0.9 g	3.4 g	0.12 g

Salted Caramel	155.2 kcal	0.5 g	0.2 g	**33.4 g**	0.3 g	1.0 g	3.9 g	0.4 g
Maple Sugar	155.4 kcal	0.3 g	0.07 g	**34.3 g**	0.3 g	0.7 g	3.6 g	0.14 g
Natur (unflavoured)	158.8 kcal	0.3 g	0.07 g	**35.1 g**	0.3 g	0.7 g	3.6 g	0.0 g

Values from the nutrition declaration of each product. Per 100 g: 345–369 kcal depending on flavour.

INGREDIENTS

Flavoured: pregelatinised rice flour, flavours, salt, sweeteners (sucralose, acesulfame-K); low-fat cocoa in Chocolate Cake, Cookie Cream and Salted Caramel; dried blueberry pieces (3%) in Blueberry Muffin; coconut milk powder and chocolate pieces (3%) in Coconut Cream Pie.

Natur: pregelatinised rice flour (100%). No flavours, no sweeteners.

PAIRS WITH

Prime Whey in the matching flavour (Salted Caramel exists in both ranges), Prime Health peanut and almond butter, fresh fruit.

BEST SELLER · CREATINE

CREATINE CREAPURE®

Creatine monohydrate · 300 g and 500 g · unflavoured

A food supplement powder with a single ingredient: micronised creatine monohydrate (Creapure®). “Made of Creapure®” is printed on the front of the tub, and Prime Supplements is listed on creapure.com as a Creapure® partner brand for Romania.

KEY BENEFITS

- Creatine increases physical performance in successive bursts of short-term, high intensity exercise. The beneficial effect is obtained with a daily intake of 3 g of creatine.
- One ingredient: no flavours, sweeteners or colours in the ingredient list.
- Creapure® is a registered trade mark for creatine monohydrate and is declared on the label.
- Two sizes with the same ingredient: at 5 g a day, a tub lasts 60 or 100 days.

WHO IT IS FOR

Adults who do high intensity training and want a creatine with a named, verifiable raw material. Not recommended for people under 18 or for women during pregnancy and breastfeeding.

PER SERVING

	PER 5 G SERVING
Creatine monohydrate (Creapure®)	**5 g**
Recommended daily dose	3–5 g of creatine

SIZES

	SERVINGS	EAN
300 g tub	60 × 5 g	6421766064404
500 g tub	100 × 5 g	6421766015109

DIRECTIONS FOR USE

3–5 g of creatine a day, mixed in water or in a protein shake. Drink enough fluids during the day and do not exceed the recommended daily dose.

INGREDIENTS	Micronised creatine monohydrate (Creapure®).
FLAVOUR	Unflavoured.

BEST SELLER · CREATINE

CREATINE FOR EVERY BUDGET AND ROUTINE

Micronised Creatine Monohydrate

300 g · 60 servings · unflavoured · scoop included

A powder that contains 100% creatine monohydrate: one ingredient, no flavours, sweeteners or colours. “Micronized” and “Unflavoured” are printed on the front of the tub.

	PER 5 G SERVING
Creatine monohydrate	**5,000 mg**

DIRECTIONS FOR USE

Mix 5 g (½ scoop) in 300–500 ml of water in a shaker, or add it to a protein shake. The label describes a loading phase based on body weight and a maintenance period.

WHO IT IS FOR

Adults who do high intensity training and want the simplest form of creatine. Not recommended for children or for women during pregnancy or breastfeeding.

ALLERGENS	May contain traces of milk, egg, soy, gluten.
EAN	6421766064107

Creatine Ready To Go

10 g effervescent sachet · single or box of 25 (250 g)

Creatine in single-serve sachets for people who train away from home and do not want to measure powder. The effervescent formula dissolves in water.

	PER 10 G SACHET
Creatine monohydrate	**5,000 mg**
Vitamin C	200 mg (250% NRV)

FLAVOURS

- Blue Moon (blueberry)
- Pink Madness (raspberry & lime)

DIRECTIONS FOR USE

One sachet a day, dissolved in 200–300 ml of water, about 30–60 minutes before training. After 8 weeks of regular use, take a 2–3 week break, as stated on the packaging.

WHO IT IS FOR

Customers who want to try creatine without buying a tub; gym and retail counters, where it is sold individually.

Creatine increases physical performance in successive bursts of short-term, high intensity exercise. The beneficial effect is obtained with a daily intake of 3 g of creatine. Vitamin C contributes to the normal function of the immune system.

HOW THE RANGE WORKS TOGETHER

Stacks built around the best sellers.

Eight of these combinations have been sold as ready-made bundles on primesupplements.ro; the ninth, Protein breakfast, is a pairing suggested on our product pages. For a distributor they are a simple way to grow basket size: every stack starts from Prime Whey, Creamy Rice or creatine.

START

Prime Whey 1 kg + EAA

The entry stack: daily protein and an essential amino acid drink for training.

COMPLETE

Prime Whey 2 kg + Creapure® 300 g + EAA

Protein, creatine and essential amino acids: the three staples in one order.

MASS

Prime Whey 2 kg + Nitrox 3D

Protein for the day and a full pre-workout for the session.

RECOVERY

Prime Whey 2 kg + Glutamin Kyowa®

Whey protein paired with L-glutamine Kyowa®.

PRE-WORKOUT POWER

Nitrox 3D + Creapure® 500 g

Pre-workout plus daily Creapure® creatine.

STRENGTH

Creapure® 500 g + Magnesium Bisglycinate + Vitamin D3 + K2

Creatine with magnesium bisglycinate and vitamin D3 + K2.

BALANCE

Prime Whey 1 kg + Magnesium Bisglycinate + Vitamin D3 + K2

Protein with magnesium and vitamin D3 + K2.

FIT

Prime Whey 1 kg + Fiber

Protein and a fibre drink.

PROTEIN BREAKFAST

Prime Whey + Creamy Rice

Creamy Rice can be eaten on its own or added to protein shakes, as stated on its label; matching flavours (e.g. Salted Caramel) exist in both ranges.

Other bundles we have sold include Full Stack, Performance, Pump, Intra, Health, Cut, Focus and Energy.

FULL CATALOGUE

The rest of the range, in brief.

All products are Prime Supplements branded. Quantities per serving are those declared on the product pages and labels.

PROTEIN, GAINER & FUNCTIONAL FOODS

Emperor Mass

Gainer · 3 kg · Chocolate, Strawberry

Gainer with 40% protein: 27.8 g protein and 29.0 g carbohydrates per 70 g serving, plus 1,750 mg creatine monohydrate, L-glutamine, BCAA 4:1:1 and DigeZyme®.

Instant Oat Cream

Oat cream · 800 g · Chocolate Cream, Cookie Cream

Instant cream made from oat flour. Add hot water or milk and let it hydrate for 1–3 minutes.

Prime Delicious Bar

Protein bar · 55 g · single bar or box of 12

20 g of protein in a 55 g bar, from whey protein concentrate, collagen peptides, soy protein isolate and whole milk powder. Four flavours: Strawberry, Salted Caramel, Coconut & Caramel, Chocolate & Forest Fruits. The strawberry bar is our third best-selling product by units.

Peanut Butter

Prime Health · 600 g glass jar

100% roasted peanuts. No added sugar, salt, palm oil or preservatives. 26 g protein and 7 g fibre per 100 g.

Stacks with: **Creamy Rice**

Almond Butter

Prime Health · 600 g glass jar

100% roasted almonds, nothing added. 21.2 g protein per 100 g.

Stacks with: **Creamy Rice**

Cashew Butter

Prime Health · 600 g glass jar

Cashew paste in a glass jar. 18 g protein per 100 g, 0 g salt.

Fiber

Fibre drink · 500 g · 50 servings · Blood Orange

Instant drink with 7.4 g fibre per 10 g serving, from inulin, acacia fibre, bamboo fibre, oat flour and glucomannan.

Stacks with: **Prime Whey**

Organic Ceylon Cinnamon

Prime Health · 200 g

Ground Ceylon cinnamon from organic farming, single ingredient, in a kraft paper pouch.

AMINO ACIDS

EAA
500 g · 83 servings · 4 flavours

Eight essential amino acids, 5,350 mg per 6 g serving, including 1,070 mg L-leucine. 0 g carbohydrates.

Stacks with: **Prime Whey**

Recovery BCAA 4:1:1
500 g · 62 servings · Cherry, Pear

7,100 mg BCAA per 8 g serving in a 4:1:1 ratio, with vitamin B6 (106% NRV).

Recovery Glutamin Kyowa®
500 g · unflavoured or 4 flavours

4,000 mg L-glutamine Kyowa® per serving. The unflavoured version has a single ingredient and 125 servings.

Stacks with: **Prime Whey**

L-Carnitine 1000
80 capsules

1,000 mg L-carnitine tartrate per capsule, the only active ingredient.

Taurine 1000 mg
80 capsules

1,000 mg taurine per capsule.

PRE-WORKOUT & INTRA-WORKOUT

Nitrox 3D
500 g · 25 servings · 4 flavours

Per 20 g serving: 6,000 mg L-citrulline, 4,420 mg arginine AKG, 2,000 mg tri-creatine citrate, 2,000 mg beta-alanine, 200 mg caffeine.

Stacks with: **Creatine Creapure®**

Nitrox No-Stim
Stimulant-free · 660 g · 30 servings

No caffeine and no synephrine in the ingredient list. Per 22 g serving: 4,000 mg BCAA 2:1:1, 3,753 mg L-citrulline, 2,200 mg creatine monohydrate.

Combat Pro
500 g · 22 servings · 4 flavours

Per 22 g serving: 7,000 mg L-citrulline, 4,000 mg beta-alanine, 4,000 mg L-arginine, 300 mg caffeine and 30 mg synephrine.

Stacks with: **Creatine Creapure®**

Combat Pro 2.0
660 g · 30 servings · 2 flavours

No caffeine in the ingredient list; contains 45 mg synephrine. Per 22 g serving: 5,600 mg L-citrulline, 3,900 mg beta-alanine.

Cluster Bomb
Intra-workout · 1 kg · 33 servings

Cluster Dextrin® drink: 19.9 g carbohydrates per 30 g serving, plus 2,400 mg each of EAA, creatine monohydrate and L-citrulline.

Stacks with: **EAA**

Glycerol Max Pump
500 g · 125 servings · unflavoured

Single ingredient: glycerol monostearate, 4,000 mg per 4 g serving.

Energy Pump Shot
25 ml vial · single or box of 20

Ready to drink. Per vial: 4,000 mg citrulline malate, 4,000 mg arginine AKG 2:1, 3,000 mg beta-alanine, 100 mg caffeine.

DEFINITION RANGE

Fat Burning Booster Shot
25 ml vial · single or box of 20 · Forest Fruits

Per vial: 4,000 mg L-carnitine, green tea and green coffee extracts, 117.5 mg caffeine and 40 µg chromium (100% NRV).

Thermo Core

B2B PARTNERSHIP

Distribute Prime Supplements in your market.

We are looking for distribution partners who know their market and want a sports nutrition brand with a clear identity, a complete range and proven best sellers.

WHAT A PARTNER GETS

- One brand that covers protein, creatine, cream of rice, amino acids, pre-workout, vitamins, health products, bars and accessories.
- Best sellers validated by our own online sales.
- Product data ready to use: full composition, nutrition tables, directions for use and EAN codes.
- Marketing assets: professional photo shoots, product images and educational blog content.

HOW WE START

1
Introduction
Tell us about your market, channels and the categories you are interested in.

2
Assortment
We agree a first selection, starting from the best sellers.

3
Documents & terms
We share product documentation and the commercial offer.

4
First order
We confirm quantities, labelling and delivery.

AVAILABLE ON REQUEST

COMMERCIAL OFFER
Price list and trading terms for your market and volumes.

PRODUCT DOCUMENTATION
Product specifications and the documents you need for your evaluation.

LOGISTICS DATA
Packaging units, carton and pallet details for the products you select.

Tell us what you need to evaluate the brand and we will send you exactly the documents you require.

PRIME
HARDCORE SPORTS NUTRITION

GET IN TOUCH

LET'S BRING PRIME TO YOUR MARKET.

Tell us about your market and the product lines you are interested in. We will get back to you with product documentation and the next steps.
